

## Heavy transport challenge?

With Wagenborg Nedliff's modular trailers, your heavy load is expertly transported from A to B.

### Unique features:

- Modularly linkable
- Both types can be equipped with different types of bogies up to 300 tonnes each

### Types:

- Conventional modular trailers
- Self-Propelled Modular Trailers (SPMT)

## MODULAR TRAILERS

### SAFE AND PRECISE

Need to move a heavy object, such as a viaduct weighing several hundred tonnes, to its location? Or transporting a reactor vessel with a length of more than 70 metres on public roads? The Wagenborg Nedliff specialists don't shy away from a heavy transport challenge. Safe and precise.

### CONVENTIONELE MODULAIRE TRAILERS (CMT)

Conventional modular trailers make it possible to transport heavy loads over large distances.

- Propelled by heavy transport tractors
- Variable ride height of 1,200 mm +/- 300 mm
- Swing axles that can be rotated up to 60°
- Maximum axle load: 36 tonnes
- Speed: maximum of 80 km/h

### SELF-PROPELLED MODULAR TRAILERS (SPMT)

The SPMTs of Wagenborg Nedliff offer a solution when extremely heavy loads need to be moved. The modules are coupled to one trailer, driven by a powerpack.

- Hydrostatic drive
- Variable ride height of 1,500 mm +/- 300 mm
- Swing axles 360° rotatable
- Maximum axle load: 40 tonnes
- Speed: maximum of 80 km/h
- Can be remotely controlled, if desired wireless

### OWN WEIGHTS

	CMT	SPMT
2-axle lines	8 t	-
3-axle lines	11,1 t	-
4-axle lines	14 t	16 t
6-axle lines	20,6 t	24 t
powerpack Z180	-	4,5 t
powerpack Z350	-	7,2 t
3-axle lines spacer	4,5 t	-
6-axle lines spacer	-	5,2 t

## Wagenborg Nedlift

For many years, Wagenborg Nedlift has been building lasting relationships with its customers and partners at home and abroad. This allows the Wagenborg Nedlift team to offer unique, professional and safe solutions for heavy transport, lifting, engineering and additional services.

### Wagenborg Nedlift focuses on:

- Safety at work
- Skilled and sustainably deployable team
- Enduring customer relationships
- Sustainability and innovation
- Future-proof business operations

### Wagenborg Nedlift specialises in:

- Lifting and transport engineering (Wagenborg Engineering)
- Logistic solutions for complex transport issues
- Professional machine relocations
- Safe and efficient rental solutions with a modern fleet of equipment
